Dear Colleagues,

On behalf of the Editorial Board of **Physicochemical Problems of Mineral Processing** journal (Impact Factor 1.062), we are happy to invite you to submit an original paper for the special issue, which will be dedicated to honour scientific achievements of **Professor Zygmunt Sadowski**, outstanding scientist and our good friend. The topics of interest of this special issue should include theoretical approaches and their practical applications in the field of mineral and bio processing.

Two types of papers will be published:

- (1) Review papers
- (2) Broadly significant research papers that are of general interest in the field

#### Deadline for manuscript submission

July 31, 2020

#### Publication

November 1, 2020 - PPMP 56(6)

The manuscript should be submitted through the on-line Editorial System available at

<https://www.editorialsystem.com/ppmp>

showing, in Manuscript type, that this is a special issue submission In honour to Professor Zygmunt Sadowski.

The submitted papers should follow the general rules of the Physicochemical Problems of Mineral Processing articles.

#### Editor-in-Chief

##### Dr. Przemyslaw B. Kowalczyk

Norwegian University of Science  
and Technology, Norway
